Citizenship: India

Aniruddha Sudarshan

Education

2022–2027 (Expected) **Ph.D.**, *Mathematics*, Temple University, Philadelphia

2018–2021 **MS**, *Mathematics*, Indian Institute of Science Education and Research, Bhopal
Thesis: *Some applications of the Chebotarev density theorem* (Advised by Jyoti Prakash Saha)

2015–2018 **BSc**, *Mathematics, Physics, and Computer Science*, Jain University, Bengaluru

Research Interests

Galois representations, modular forms, elliptic curves, Bruhat–Tits buildings.

Publications/Preprints

- **Symplectic extension graphs and Ribet's lemma**, preprint.
- **On some local properties of sequences of big Galois representations** (with *Jyoti Prakash Saha*). Journal of Number Theory, 264:295–306, 2024.

Teaching Experience

Temple University

Summer 2026	Calculus I	*Instructor of Record*
Fall 2024, 2025	Mathematics for the Basic World	*Instructor of Record*
Summer 2025	Graduate Algebra Qualifying Exam Prep	*Instructor of Record*
Spring 2024	Introduction to Modern Algebra	*Teaching Assistant*
Fall 2023	Lab for Calculus I	*Teaching Assistant*
Summer 2023	Precalculus	*Instructor of Record*
Spring 2023	Modern Algebra II and Advanced Calculus II	*Teaching Assistant*
Fall 2022	Differential Equations I	*Teaching Assistant*

IISER Bhopal

Spring 2021, 2022	Probability and Statistics	*Teaching Assistant*
Fall 2020, 2021	Introduction to Groups and Symmetries	*Teaching Assistant*

Invited and Contributed Talks

Symplectic extension graphs and Ribet's lemma

Sept 2026	Philadelphia Area Number Theory Seminar	*Temple University*
Dec 2026	Algebra, Combinatorics, and Geometry Seminar	*University of Pittsburgh*

Conferences attended

2026

- ICM — Philadelphia
- Automorphic Forms: Arithmetic And Representation Theoretical Aspects — ICTS, Bengaluru
- MPS Conference on The Eisenstein Ideal and Galois Representations: Looking Forward after 50 Years — New York

2025

- Automorphic Forms and the Bloch–Kato Conjecture — ICTS, Bengaluru
- Iwasawa Theory Taipei Summer School — Taipei City
- Iwasawa 2025 — Taipei City

2024

- Arizona Winter School — University of Arizona, Tuscon
- Modular Forms, L-functions, and Eigenvarieties: a conference in memoriam of Joël Bellaïche — ENS, Paris
- Arithmetic and p-adic geometry in Chile (Summer School) — Santiago, Chile

2023

- Symposium on Arithmetic Geometry and its Applications (Workshop) — CIRM, Marseille
- Representation Theory, L-functions, and Arithmetic — University of Pittsburgh

Awards

	Prime Minister Research Fellow	*IISER Bhopal*
	Jay Novik Endowed Graduate Fellowship	*Temple University*

Service and Outreach

2026	ICM Math festival	*Exhibit Organizer*
2026	Sofya Kovalevskaya Day	*Volunteer*
2023, 2024, 2026	GTA Philadelphia	*Organizer*

Skills

LaTeX, MAGMA, SageMath.

Languages

Reading, writing, and speaking competencies for *English, Hindi, Kannada*. Speaking competency for *Tamil*.
